

Only Peugeot Genuine Parts preserve the original integrity of your Peugeot. They are guaranteed to be of the same quality of the original component and are backed by a 12 month unlimited kilometer warranty. Use of unapproved parts, on the other hand, may jeopardize the handling, performance and reliability of your Peugeot. The label ♦Peugeot Genuine Parts♦ is hard won. Before gaining approval by Peugeot as a Peugeot Genuine Part, each one is submitted to extremely stringent tests and specifications.

 We stock a range of commonly used service and wear parts.

 Please note many Peugeot Accessories can be purchased and fitted as aftermarket items to your existing Peugeot vehicle.

 We here at West Car Sales also hold a large range of spare parts for Ssangyong vehicles. Ssangyong Parts are also backed with a 12 months or 20,000km factory warranty - <i>Wear and Tear items not included.</i>
